

Golden July with more airlines

On 01 July 2015, Saigon Ground Services JSC (SAGS) has welcomed the inaugural flight of Cambodia Bayon Airlines (BD) to Tan Son Nhat International Airport (SGN). Cambodia Bayon Airlines has selected SAGS as the carrier's comprehensive partner to offer passenger, ramp and aircraft handling services. The first flight was cordially welcomed with a rousing cheer and the water cannon salute. Cambodia Bayon Airlines operates daily flight connecting Ho Chi Minh City to Phnom Penh by MA60 aircraft.

BD flight awaits pushback clearance

July also witnessed our comprehensive handling of resumed flights from Uni Air (B7) by Airbus A321 connecting Ho Chi Minh City, Vietnam to Taipei, Taiwan with several outbound passengers to the U.S.

Prior to the handling, rounds of training and briefing have been made. All B7 flights were handled without a hitch.

Gaining ground in cargo handling

Over the last 02 years, changes have been made to streamline the freighter handling to better service our airline customers. Key among them are: a team of highly experienced staffs dedicated to this specialized freighter handling, investment in training and building up staff competencies and handling process changes for productivity and efficiency.

03 July 2015 was a special day for all of us at SAGS as we handled the first freighter flight of Lufthansa Cargo AG (LH). Named as the Best European Cargo Airline, the carrier will operate 01 cargo flight weekly by Boeing B777F to SGN.

Two days later, Aerologic GmbH (3S) – a joint venture between DHL Express and Lufthansa Cargo – landed the first cargo flight at SGN airport. Aerologic is going to operate 01 flight per week by Boeing B777F.

SAGS is honored to be the appointed handler for our valued airline customers.
